GROUP INTRODUCTION

Kano Group Co., Ltd., is a Sino-foreign joint venture, and a national high-tech enterprise dedicated to furniture manufacturing and plate pressing. Kano is a renowned enterprise with a global vision. As a member of the Lianjie Group, it specializes in the design, R&D, manufacturing, sales, and service of furniture and melamine boards. The company currently operates three major brands: Kano (office furniture solutions), Abito (high-end custom residential furnishing), Furen and HEVA (premium refined boards).

Quality Control

Environmental Protection

Ergonomics

Headquarters

Kano, a fashion and new brand with international view, focuses on R&D, production, sales and services of office furniture. Kano concentrates on providing professional total solution of office space for clients.

Production System

Kano's sophisticated automatic machinery are mainly imported from Germany, Italy, and Switzerland. "6S Standard" is strictly implemented for a clean and organized working environment.

HOMAG Automatic linear edge banding machine

HOMAG Laser edge banding machine

4 + 1 plate punch (manipulator)

Warehouse System

Kano strictly implements the lean management system, huge storage with professional loading and transportation system to ensure production delivery to all parts of the country safely within three days.

Anji Smart Industrial Park

Anji Smart Industrial Park is located in Anji, Zhejiang. It is the first ecological county in China, with a total building area of more than 200,000 square meters. It is a fully automatic high-tech industrial park integrating R & D, communication, display and training.

Melamine Production Base

The plate pressing factory of the Kano Group is a powerful advantage for the supply of front-end panels and independent development. It provides a good development premise for the production of furniture and space customization, and resource sharing.

Production System

The plate pressing 4.0 standard manufacture fully implements automatic production. We emphasize "design leads manufacturing", and produce high-quality and unique products.

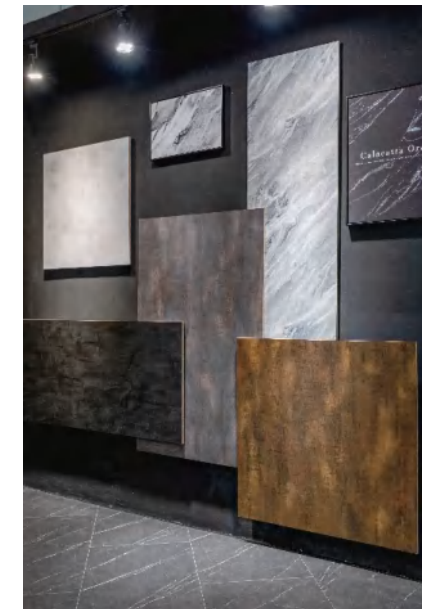

Infrared Positioning

Dust-free Constant Temperature

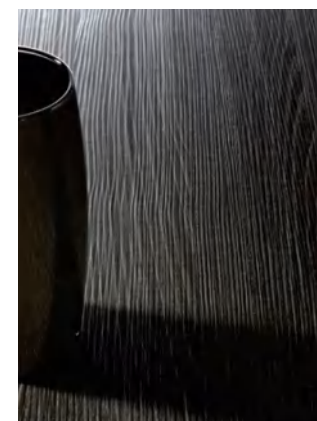

Automatic Distribution Line

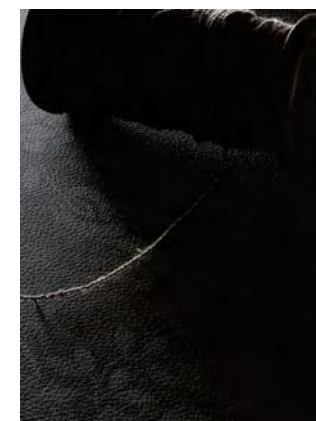

Using European good design and technology, we develop high-precision synchronous wood grain effect plates. At the same time, aiming at the real needs of the domestic market, we develop differentiated veneer products.

High fidelity to true wood grain

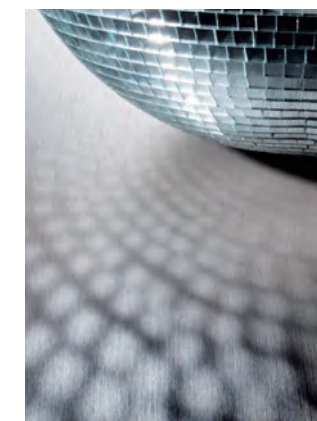

Italian grain design+ European top steel plate mold + European top industrial equipment= best products

FORM AND BRANCH

DESIGN TEAM

Kano boasts a strong design team that pays close attention to details and pursues perfection in the design process, carefully interpreting every line and every shade of light and shadow. We are committed to injecting charm and personality into office environments, creating an excellent user experience, and building unique and appealing office spaces with warm office furniture. We not only have a top-tier domestic design team but also have established long-term and sound cooperative relationships with world-class designers. By keeping pace with international standards, our designers keep abreast of popular trends in various countries. In addition, we have set up a design studio in Italy.

Designer: Bie Jun Li
Country: China

Product Director of Kano, responsible for directing and managing the company's design and R&D team. With rich innovative thinking and keen insight, he integrates market trends with product strategies, leading the team to create distinctive products and commercial spaces.

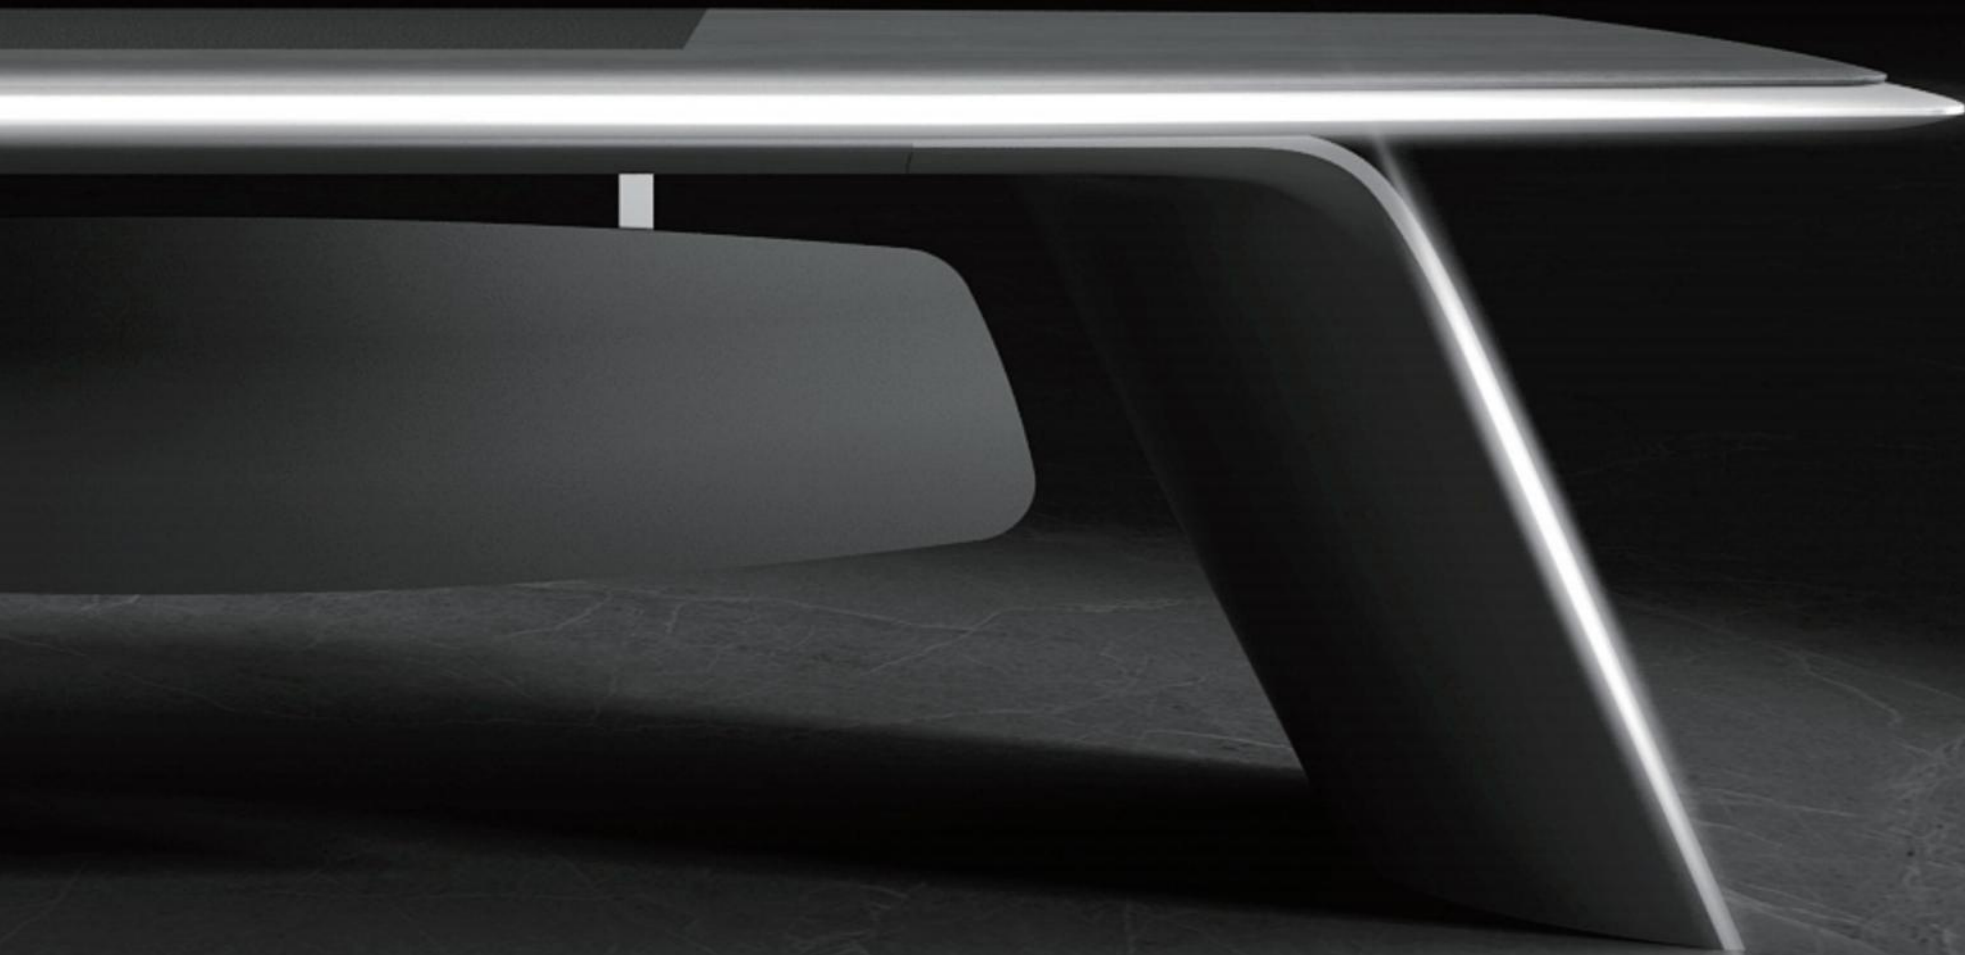

Designer: Claudio Francesco Bellini
Country: Italy

Strategic Cooperation Designer of Kano. He is an Italian-American architect and designer. After starting his career, he founded his own studio with his father Mario Bellini. He enjoys a high international reputation and has received numerous awards.

Design Honor

Desks & Tables

From workstation to boardroom, we can offer you high-quality products in various options which will perfectly fit your space.

Cadi

A good design can create high work efficiency.
CADI is a minimalism advocator.

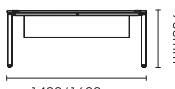

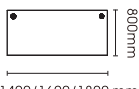

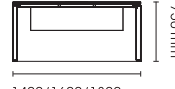

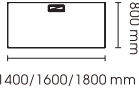

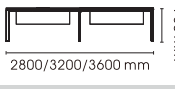

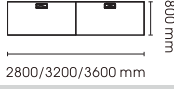

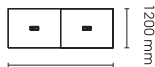

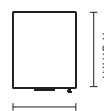

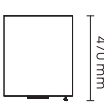

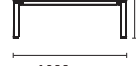

In the mean time
He does not neglect the importance of functions
and wire management

NEW VITALITY

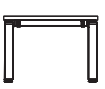

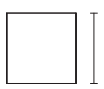

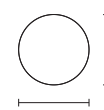

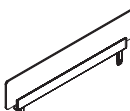

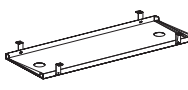

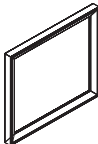

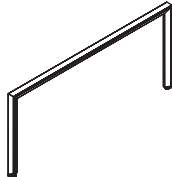

Simple and concise office furniture design has become the dominant direction
Owing to the soft color combination and good design
the office space looks more transparent

PURSUIT OF PERFECT DETAILS

Exquisite shape, the curve lines well fit the human body. Cushion on the back adds softness and warmth to the hard plastic chair.
